

BeachTech Sweepy

Technical Data	
Dimensions	
Overall length	2,650 mm
Width	1,195 mm
Working width	1,050 mm
Height of vehicle (adjustable)	from approx. 1,000 to 1,600 mm
Collecting container capacity	44 l, extricable
Overall container volume	80 l
Performance data	
Surface area	max 4,200 m ² /h
Engine	
Number of cylinders	4
Power	6.7 kW (9.1 hp)
Type	4-stroke gasoline engine
Drive	infinitely adjustable (forward and reverse)
Steering / control	entirely hydrostatic
Transmission	hydrostatic
Cleaning equipment	quick-change system; exchangeable double screens with 2 different mesh sizes
Corrosion protection	aluminum, fiberglass, cathodic of steel parts
Modular quick-change system	for swift installation of the various add-on equipment
